

GT PRASANTH ARVIND

Structural Design Engineer

Coimbatore, Tamil Nadu, India | +91 9600997663 | prasanth340@gmail.com | linkedin.com/in/gtprasantharvind

PROFESSIONAL SUMMARY

Civil and Structural Engineer with 3 years of professional experience, including 2 years of structural design experience focused on high-rise buildings. Holds a Diploma and B.E. in Civil Engineering and an M.E. in Structural Engineering. Experienced in structural analysis and design of high-rise structures, with a strong academic and practical foundation in structural engineering and I'm open to learn and develop myself for better and faster results.

Career progression: Civil Engineering to Structural Engineering to High-Rise Structural Design.

CORE COMPETENCIES

Structural Design: RCC analysis and design, high-rise building design, foundation design, column detailing, beam detailing, slab design, staircase design, lift pit design, seismic design, lateral load analysis, load combinations, member capacity checks

Codes and Standards: IS 456:2000, IS 13920:2016, IS 875 (Parts 1-3), IS 1893 (Part 1):2016

Structural Software: ETABS, SAFE, AutoCAD, STAAD.Pro, Autodesk Revit, Navisworks, SketchUp Pro, Primavera P6, Dynamo, Twin motion.

Site Practice: Site supervision, rebar inspection, cover check, lap length verification, contractor coordination

BIM (Supporting): Revit LOD 350 modelling, clash detection, 4D scheduling, RIBA Stages 0-4

PROFESSIONAL EXPERIENCE

Structural Design Engineer

AK Consultant - Structural Design Consultancy, Chennai, TN | Jan 2025 – Present

- Structural analysis and design of high-rise buildings using ETABS and SAFE, covering gravity and lateral load systems.
- Defined gravity, wind and seismic load cases and load combinations to IS 875 (Parts 1-3) and IS 1893 (Part 1):2016.
- Carried out member capacity checks and ductile detailing to IS 456:2000 and IS 13920:2016.
- Designed and detailed foundations, columns, beams, slabs, staircases and lift pits for multi-storey structures.
- Prepared construction-issue drawing sets in AutoCAD, including column layouts, beam schedules, slab reinforcement and RCC section details.
- Provided structural consultancy support and conducted site visits for reinforcement inspection against approved structural drawings.

Civil Engineer

GRJ Builders - Construction and Development, Coimbatore, TN | Aug 2022 - Aug 2023

- Produced structural drawing packages for G+2 to G+4 residential and commercial buildings, from design brief through to construction-issue.
- Carried out full-time site supervision covering reinforcement placement and structural integrity monitoring at column casting, beam and slab stages.
- Performed rebar inspections, verifying bar diameters, spacing, lap lengths and anchorage against structural specifications.
- Coordinated with contractors and labour supervisors to resolve structural conflicts and maintain construction programme.

EDUCATION

M.E. Structural Engineering | Sep 2023 - Apr 2025

Sri Shakthi Institute of Science and Technology, Coimbatore, TN

Thesis: TiO2 Infused Concrete for NOx Reduction and Smog Filtration

B.E. Civil Engineering | Aug 2019 - Jul 2022

KGiSL Institute of Technology, Coimbatore, TN

TNSCST Certified Research Project

Diploma in Civil Engineering | Jun 2016 - Apr 2019

Nachimuthu Polytechnic College, Pollachi, TN

Canada India Co-Operation Project

CERTIFICATIONS

BIM Professional Course - Certified BIM Architecture | Mar 2023 - Oct 2023

NOVATR (Enzyme-Oneistox), Industry Collaboration - Hong Kong | Revit LOD 350

KEY PROJECTS

Apartment Building - Full RCC Structural Package

G+2 RCC Frame | IS 456 and IS 13920 | ETABS, SAFE, AutoCAD

- Foundation plan with isolated footings and grade beam layout, reinforcement details and section callouts, designed to IS 456 Cl. 34 with minimum reinforcement per Cl. 26.5.2.1.
- Column schedule C1 to C3 detailed to IS 456 Cl. 26.5.3, with beam keyplan, slab reinforcement (top and bottom steel), staircase sections AA and BB, and lift pit structural detail.

BIM Capstone - Structural Coordination, 21-Floor Mixed-Use High-Rise

NOVATR (Enzyme-Oneistox), Hong Kong | 2023

- Delivered a full structural Revit model at LOD 350 covering columns, beams, floor slabs and core walls.
- Resolved 270+ structural, MEP and architectural clashes using Navisworks.
- Produced a 4D construction sequence simulation linked to the Primavera P6 programme.

TiO2 Infused Concrete - M.E. Thesis Research

Photocatalytic Concrete, Phase 1 and 2 | Sri Shakthi Institute | 2023 - 2025

- Investigated TiO2 concrete for NOx reduction across dosages of 0.5 to 3 percent; assessed compressive strength at 7, 14 and 28 days and workability across both phases.

ACHIEVEMENTS

- BIM Architecture Certified - NOVATR, Enzyme-Oneistox, LOD 350, Hong Kong.
- TNSCST Certified B.E. Project - Ambient Air Quality Study, Coimbatore.
- Canada India Co-Operation Project - Extended 3D Building Systems Analysis.
- Student Member, Tamil Nadu State Council for Science and Technology (TNSCST).
